Mohammed Zain J

mohammedkhasiminfo@gmail.com · +917975788275 · Mysuru, Karnataka · GitHub · LinkedIn

Final-year Information Science and Engineering student with 1.5 years of experience in SEO and web development, specializing in responsive applications, REST API integration, backend development, and Technical SEO.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, PHP, Java, C, SQL
Frameworks: React.js, Vite, HTML5, CSS3, Responsive Web Design, Node.js, FastAPI, PHP, REST APIs
Databases: MongoDB, MySQL, SQLite, Database Design and Management
Tools: Git, GitHub, VS Code, Linux, WordPress, FFmpeg, Remotion, Cloudflare FLUX

CORE COMPETENCIES & SOFT SKILLS

Full-Stack Web Application Development • React.js & TypeScript Development •
REST API Development and Integration • AI Agent Development and Automation •
LLM Integration and Local Model Deployment • Conversational AI and Prompt Engineering •
WhatsApp Business Automation • Database Design and Management

PROFESSIONAL EXPERIENCE

Web Development Intern — Jun 2024 — Present

Aspire Digital Solutions — Mysuru, India

- Develop responsive web applications and user interfaces using React.js, TypeScript, JavaScript, and PHP with REST API integration.
- Assist with server-side operations, debugging, automated testing, and CI/CD deployment maintenance under senior guidance.
- Collaborate closely with senior developers to ship key features and optimize production application performance.

SEO & Web Development Intern — Jan 2023 — Jun 2024

Aspire Appliance Services — Mysuru, India

- Developed and maintained responsive WordPress websites, enhancing page load speed, UX, and search engine performance.
- Executed Technical, On-Page, and Off-Page SEO using Google Search Console and SEMrush to drive measurable organic traffic.
- Conducted technical audits, metadata optimization, and keyword research to streamline website structure and indexing.

PROJECTS

Convers Agent – AI-Powered Sales Agent — 2024

Tech Stack: React.js, TypeScript, Node.js, MongoDB, Ollama, Qwen3, Baileys

- Architected a 24/7 AI sales agent with persistent multi-turn memory, customer intent recognition, and human-agent handoff.
- Built a React.js dashboard for real-time customer management, lead tracking, and automated conversation reporting.

Reelify – AI-Powered Video Editing Platform — 2023

Tech Stack: React.js, TypeScript, Python, FFmpeg, Remotion, REST APIs

- Engineered a script-to-video editing web app with automatic captions and multi-aspect ratio rendering (16:9, 9:16, 1:1).
- Integrated Pexels, Pixabay, and Archive.org APIs for intelligent stock B-roll discovery and automated thumbnail creation.

EDUCATION

Vidyavardhaka College of Engineering — 2023 — Present

Bachelor of Engineering in Information Science and Engineering **(CGPA: 8.0)** — Mysuru, Karnataka

Sadvidya Composite PU College — 2021 — 2023

Pre-University Course in PCMC (Computer Science: 100/100) **(Percentage: 91.16%)** — Mysuru, Karnataka

CERTIFICATIONS

Computer Networks & Network Security — IBM — 2024
Using Python to Access Web Data — University of Michigan — 2024
Data Structures & Algorithms (C) — University of Colorado Boulder — 2023
Django Application Development — IBM — 2023
Java Programming (Professional) — Oracle — 2023
Operating System Virtualization — Professional Certification — 2023
